# Complete the interior of your sauna with Harvia glass products

## The glass door brings a soft light for your sauna.

**1** All Harvias glass sauna doors have been specifically designed for sauna use. The glass used in the doors is tempered 8 mm safety glass. The sealant keep the heat in the sauna room and make sure that the door closes smoothly. Harvia glass door is easy to instal. Glass doors are rectangular shaped.

Choose glass color from smoky gray, warm bronze, modern clear or stylish satin glass. Doorframe is either pine, aspen or alder. Door size 8 x 21 and 9 x 21 is recommended for use in household and laundry room doors. Satin door is very suitable for internal door, as its matte surface to prevent visibility between the rooms.

Scope of delivery includes unfinished 42 x 92 mm, door frame, door frame silicone sealant, safety glass, chrome-plated hinges, magnetic lock and chrome-plated lever handle. Alternatively, you can also choose vertical door handle as an option. On request we can deliver specially customized doors.

## Create a uniform finished look with double glass doors to your sauna.

**2** Double glass door increase brightness and impression of space in the bathroom and the sauna room. It harmonizes all together. Harvia double glass door consists of two parts, which together form the opening glass door entity. You can choose the double glass door color from either a smoky gray, bronze, or clear. The door frame is made of aspen or alder.

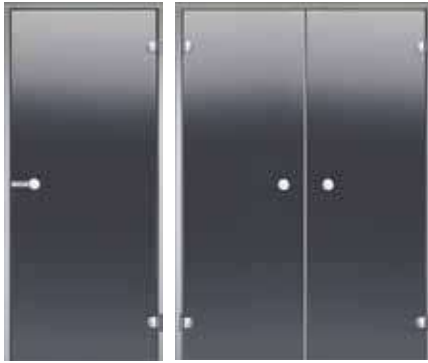

Harvia double glass door is the answer to the minimum width of the doorway in the building regulations that the minimum width of the door opening is 800 mm. Due to this Harvia double glass door is possible to install in a limited space. The glass door closes easily because of the top frame magnet. Hinges are chrome plated.

### Glass door with opening sidelights

**3** Harvia glass door with sidelights consists of two parts, which together form an openable glass door unit. As the glasses color, you can choose either smoky gray, bronze or clear. The door frame is made of aspen or alder. The broadened the door meets the requirements for accessibility in new construction where the inside dimensions of the frame should be at least 800mm. Thanks to the two parts it can be placed in tight spaces that require a shorter turning radius. The door parts are kept closed using magnetic closure at the top corners.

### Aluminium frame door – Long-lasting and sustainable solution.

**4** Harvia aluminum frame door is an excellent solution to the steam room or saunas door. It is designed for conditions where the materials required to have good moisture resistance. Door set no wooden parts. Aluminium frames (40 x 60 mm) are colored in gray. The glass is tempered 8 mm safety glass. Because of the seal, the steam and the heat won't go away from the steam room or outside of the sauna. Aluminium frame is long-lasting and sustainable solution. Aluminium frame is installed with hidden screws without any visible screw heads corrective. The finished result is a stylish and well-groomed. The door handle is a stylish chrome lever handle. The glass color options are bronze, smoke gray, clear and satin. Harvia aluminum frame is available in both single and double door. Satin glass is not available for a couple of glass on the door.

### Legend glass door

**5** Legend glass doors appearance is related to same name with rustic Legend stoves. The door frames are tinted black pine, and the handle is made of black painted hardwood. The door glass color can be a smoke gray, bronze, clear or satin. Legend glass door is available in all standard sizes 7 x 19, 8 x 19, 9 x 19, 8 x 21 and 9 x 21 The door is also available in black painted aluminum frame.

### Lockable glass doors

**6** Lockable glass door is suitable for eg. dressing room or toilet facilities doorway. The door is available in two sizes: 7 x 21 and 9 x 21. The door frame is either pine or aluminum. Glass color is satin. Scope of delivery includes wooden finished 42 x 92 mm frame or aluminum frame 40 x 60 mm, silicone door frame, safety glass, chrome-plated hinges and the lock body (the button and the lock not included).

### Customized glass walls
